Travelers Introduces Wrap+ Management Liability Policy Suite in Canada

ONTARIO, Canada, April 2, 2008 – Recognizing that no two companies or non-profit organizations face the same financial risk, and that the protection they require is likely to change over time, Travelers is pleased to introduce Canadian private companies and non-profit organizations to Wrap+, a management liability policy with comprehensive coverage and flexible options.

The scaleable, customized Wrap+ policy suite of coverages is comprised of liability (directors and officers, employment practices, fiduciary and miscellaneous professional), crime, kidnap and ransom and identity fraud expense reimbursement. Wrap+ policyholders may purchase the specific coverage they need now, and add more coverage – seamlessly – as their businesses or organizations grow. Wrap+ is tailored to meet the unique needs of Canadian non-profits and private companies.

“With the array of liabilities that may impact Canadian businesses, Wrap+ offers private companies and non-profit organizations flexible coverage and protection from potential exposures,” said Francine Armel, assistant vice president, Travelers Financial and Professional Services. “This suite of coverages protects companies and organizations as well as the personal assets of directors, officers and employees.”

While a single coverage may satisfy a business’ initial needs, other coverage may be added upon renewal or mid-term as exposures emerge, to create a single, cohesive policy suite. Consistent policy language, terms and conditions within this progressive policy effectively minimizes gaps and overlaps. A common declarations page for all coverage makes Wrap+ easy to manage.

Unlike package policies that broaden coverage by adding numerous endorsements, the breadth of Wrap+ comprehensive coverage is built into the form itself. Modular by design and flexible in practice, Wrap+ enables even the smallest business to have the type and quality of coverage that it needs.

Wrap+ customers receive local services as well as local claims handling. In addition, customers who purchase kidnap and ransom coverage gain access to the insight and aid of a premier crisis management organization.

Wrap+ is currently available from independent brokers located throughout Canada. For more information regarding this product and other products offered by Travelers in Canada, please visit www.travelerscanada.ca.
