What our symbols mean

JUST RIGHT

Small Business is ready to write this business! In most cases we quote, bind and issue these accounts quickly and efficiently with minimal questions and eligibility requirements at our most competitive pricing via the *Travelers OPTIMA* P&C products most suitable for you. While some risk characteristics such as location or construction type may trigger a referral, know that your Underwriter is eager to help you get this business into the win column.

DEFINITELY MAYBE

Small Business wants to write this business too! But these accounts tend to have more complex risk characteristics, so we need to understand the account a little better. A quick conversation with an Underwriter may be all it takes to deliver a positive outcome for the client.

IT'S NOT YOU; IT'S US

Of course, we appreciate every business owner's interest in Travelers Canada, but Small Business is not a market for this type of risk. Before you look elsewhere, consider that another Travelers Canada division might be a great fit for this business.

Coverage applicable in British Columbia, Alberta, Saskatchewan and Manitoba.
